PAYMENT OF WAGES

In the national guard, reserves, or on active duty?

Your employee has a duty to tell you at the time of your first wage or your wage rate will be, where will you be paid and when will you be paid, and of any subsequent changes thereon. If your employer starts, he agrees within his bank, but to pay you accordingly to that agreement, you should, in the event to receive your salary, may request their violation to the Louisiana Telecommunications Commission.

UNEMPLOYMENT INSURANCE

The purpose of unemployment insurance is to provide temporary benefits to employees who lose their job through no fault of their own. Benefits are available to employees who have lost their job due to layoff, reduction in force, or other similar circumstances.

WORKERS’ COMPENSATION

Workers’ compensation is a no-fault insurance system that provides benefits to employees who are injured or become ill while at work. Benefits are available for lost wages, medical treatment, and in some cases, vocational rehabilitation.

OUT-OF-STATE MOTOR VEHICLES

Any person who is a resident of a state which requires registration of the motor vehicle or motor vehicles of a person with a license plate or permit issued by that state of registration for each of those vehicles within thirty (30) days of the date on which the person was employed in Louisiana.

FEDERAL EARNED INCOME TAX CREDIT

Notice to Employees of Federal Earned Income Tax Credit (EITC). If you make $51,000 or less, your employer must notify you if the business is required to file a Federal Earned Income Tax Credit. Earned Income Tax Credit, and whether or not the employee is entitled to the credit. You may request written notification from your employer. Written notification shall be sent to the Louisiana Welfare Board:

GENETIC DISCRIMINATION

Genetic discrimination includes both genetic and non-genetic factors that may affect an individual’s health. These factors may include a family history of disease, genetic testing results, or genetic information obtained from a third party.

SICKLE CELL TRAIT DISCRIMINATION

Sickle cell trait is a hereditary condition that affects the production of hemoglobin, the protein that carries oxygen in the blood. Individuals with sickle cell trait have one normal and one sickle cell gene.

ADOLESCENCE

Adolescence is a time of transition from childhood to adulthood. It is a period of rapid physical, emotional, and social development. It is characterized by increased independence, autonomy, and self-awareness.

AGE DISCRIMINATION

Age discrimination is the unlawful discrimination against an individual because of their age. It is prohibited by federal, state, and local laws.

Sickle cell trait is a hereditary condition that affects the production of hemoglobin, the protein that carries oxygen in the blood. Individuals with sickle cell trait have one normal and one sickle cell gene.
